English

Etymology

From Latin **monitor**, **warner**, from perfect passive participle **monitus**, *warning*, from verb **monere**, *warn* or *threaten*

Pronunciation

- Audio (US)[?], file

Noun

monitor (*plural* **monitors**)

1. Someone who watches over something.
2. A person in charge of something or someone.
3. A device similar to a television set used as to give a graphical display of the output from a computer.
4. A class of warship designed for shore bombardment rather than combat with other ships.
5. A monitor lizard.
